

**PRESS RELEASE**

**APPLICATIONS INVITED FOR RESEARCH CAPACITY BUILDING  
PROGRAMME 2025**

**DATA ANALYTICS USING PYTHON**

The Gulati Institute of Finance and Taxation (GIFT), an autonomous institution of the Government of Kerala, in collaboration with the Kerala State Higher Education Council (KSHEC), is organising the Research Capacity Building Programme (RCBP) on '**Data Analytics Using Python**'.

This three-month certificate programme with 72 hours of teaching and guided practice offers an interactive learning platform to strengthen research skills among scholars, teachers, and professionals. The programme has been structured into five modules covering Python programming foundations, data handling and visualization, statistical analysis, business intelligence and machine learning, and a capstone project. All modules will be offered in **online mode**, supported by interactive sessions with faculty mentors.

The minimum qualification for joining the programme is a bachelor's degree. The programme is open to postgraduate students, doctoral scholars, academicians, and working professionals from any discipline. Final-year undergraduate students with research interest are also eligible to apply.

**The last date for submitting applications is 12th October 2025.** For details on syllabus, fees, prospectus, and application form, visit the GIFT website – [www.gift.res.in](http://www.gift.res.in). For further clarification, you may contact: 9746972011 / 9497885522.
